From the President...

The Temple Reopening Task Force met on January 26 to discuss the conditions under which we might reopen our facility and restart our in-person programs and services. With the vaccine beginning to reach significant numbers of our members and friends, we hope that this new beginning will not be too far off. However, the time for reopening time is clearly not yet. We will continue to follow CDC guidelines, making Pikuach Nefesh, caring for all human life, our watchword. Therefore, at the present time we will remain “ZOOM only” for programs and services, including our celebrations of Purim and Passover (details coming soon!).

We wish we had a crystal ball to tell you when this will be “over”, and we can all return to normal, and we deeply appreciate your cooperation, support, and patience. We urge everyone to observe all recommended precautions and to be vaccinated as soon as you can. We continue working hard to be true to our ideals as a Reform Jewish congregation, and to welcome and support all who look to us for inspiration, friendship, and Jewish wisdom. Please look for our next community building activity, ZOOM Bingo on February 13 at 7:00 pm.

Thank you, be safe, wear your mask, and wash your hands!

Marcia Storch
